1.0 Purpose and Scope

The Allscripts Privacy Policy defines the requirements for the Allscripts Workforce to protect Sensitive Information as required under applicable laws as defined in Appendix A.

It is the policy of Allscripts to comply with all applicable laws and regulatory requirements for the use, access and disclosure of Sensitive Information, to protect Sensitive Information, and to prevent and mitigate privacy incidents.

All members of the Workforce shall be required to comply with this Policy, and it is applicable to all Allscripts' global operations.

2.0 Exceptions

Exceptions to this Privacy Policy may be granted by the Chief Privacy & Security Counsel ("CPSC") or his/her designee.

3.0 Privacy Principles

Allscripts has implemented the following fair information privacy principles that support individual rights and set guidelines for the protection of Sensitive Information:

- **Notice.** Allscripts shall provide notice regarding its privacy policies and procedures and include the purposes for which Sensitive Information is accessed, collected, used, retained, and disclosed. Notice may occur in a variety of formats including publication on Allscripts' internal and external websites and specified in internal and external contracts and agreements.
- **Choice and Consent.** Where practical or required by law or contract, Allscripts shall provide individuals with opportunity to consent to or authorize Allscripts' access, collection, use, retention, and disclosure of Sensitive Information. Consent or authorization may be explicit or implicit depending upon the specific circumstances, and the CPSC shall advise the Business Units as to appropriate means of obtaining consent or authorization.
- **Limited Collection.** Sensitive Information shall only be collected for the purposes identified in the notice.
- **Limited Use and Disclosure.** Sensitive Information shall only be used and/or disclosed to third parties for the purposes identified in the notice.
- **Limited Retention.** Sensitive Information may be retained only as long as necessary, including, but not limited to, as may be required by law or contract, or to fulfill a valid business purpose.
- **Integrity.** Allscripts shall maintain the integrity of the Sensitive Information under its care.

- **Right to Inspect/Correction.** Individuals may request access to their Sensitive Information and request amendment to that Sensitive Information if such information is believed to be inaccurate. Allscripts shall review and respond to requests for access and amendment in a timely manner. The CPSC shall provide guidance to Business Units regarding individual rights to access and/or amend Sensitive Information upon request by the Business Unit.
- **Disposal.** Allscripts shall dispose of and destroy Sensitive Information at the end of the applicable retention period, in a manner that prevents the likelihood of restoration of the Sensitive Information or in a manner required by law or contract.
- **Training.** Workforce members shall be provided training on this Privacy Policy.
- **Breach Notification.** Actual or suspected breaches of Sensitive Information shall be immediately reported in accordance with the Privacy and Security Incident Reporting Policy.
- **Accountability.** Violations of this Privacy Policy may result in discipline up to and including termination, in accordance with Allscripts Progressive Disciplinary Actions for Compliance Violations Policy.

4.0 Privacy Policy Requirements

4.1 Policy Availability

This Privacy Policy shall be made available to the Workforce through Allscripts management, the Intranet, formal training programs, and other appropriate mechanisms.

4.2 Review Cycle

- The CPSC shall review the privacy requirements for the organization. The CPSC shall be responsible for conducting an annual review of this Privacy Policy and related corporate policies, standards, and procedures. The CPSC may grant an exception for an annual review of Allscripts Privacy and Security policies. A review shall also occur each time there is a significant and material change in laws or regulations regarding the privacy of Sensitive Information. The CPSC shall submit material changes or modifications to this Policy for review and approval by the Privacy and Security Executive Council (PSEC).
- Requests for changes or modifications to this Privacy Policy may be submitted by a member of the Workforce in writing to the CPSC. The CPSC shall determine whether the requested change or modification should be included in the Privacy Policy.

4.3 Policy Retention

This Privacy Policy, as well as any procedures supporting this Privacy Policy, and all previous versions shall be maintained as required by the Records Management Policy and Retention Schedule.

5.0 Privacy Requirements

5.1 Executive Commitment

Allscripts' executive leadership agrees that maintaining the privacy and security of Sensitive Information is essential to Allscripts' business and reputation and to operating in a responsible, compliant manner. Accordingly, the Privacy and Security Executive Council approves and supports this Privacy Policy, including the designation of a Privacy Officer.

5.2 Workforce Responsibilities

Each member of the Allscripts Workforce is responsible for the privacy and security of Sensitive Information in his or her workspace. Workforce members take reasonable and appropriate precautions to safeguard Sensitive Information including compliance with security policies and guidance issued by the Chief Privacy & Security Counsel and Chief Security Officer and supporting procedures.

Each Workforce member shall be responsible for:

- Reading and understanding the contents of this Privacy Policy and its related policies and procedures;
- Ensuring that his or her actions comply with the requirements of this Privacy Policy and its related policies and procedures;
- Demonstrating his or her understanding of and compliance with this Privacy Policy and its related policies and procedures through the completion of annual training and certification or through any other means used by Allscripts for such certification;

5.3 Managers' Responsibilities

In addition to responsibilities as a member of the Workforce, each Allscripts manager shall be also be responsible for:

- Ensuring that all members of the Workforce reporting directly or indirectly to such manager have read, understand, been trained on, and comply with, this Privacy Policy and its related policies and procedures;
- Ensuring all members of the Workforce who report directly or indirectly to such manager have completed the required privacy training;
- Ensuring that this Privacy Policy, and its related policies and procedures, are fully implemented in his or her functional area of responsibility;
- Requesting guidance from Human Resources or the CPSC on implementing this Privacy Policy as a manager if needed.

5.4 Business Units and Functional Areas

In addition to responsibilities as a member of the Workforce, each Business Unit or functional area leader shall also be responsible for:

- Identifying any privacy-related contractual requirements mandated or requested by external clients or third-party vendors, and obtaining approval for such requests from privacy counsel prior to contract execution;
- Identifying where Sensitive Information is located, and providing such information to the CPSC and/or CSO upon request;
- Maintaining a list of Workforce members who have access to Sensitive Information and approving access by Workforce members to any Sensitive Information in a manner consistent with such Workforce members' duties and responsibilities;
- Documenting and maintaining procedures to implement this Privacy Policy within its own Business Unit.

5.5 Chief Privacy and Security Counsel

The Chief Privacy and Security Counsel shall be responsible for:

- Developing, implementing and maintaining this Privacy Policy and related policies and procedures;
- Coordinating with the CSO in the development and maintenance of security policies and programs to ensure that appropriate physical, administrative and technical safeguards are in place to protect the privacy and security of Sensitive Information;

- Upon request, reviewing, guiding, and approving Standard Operating Procedures (SOPs) for Business Units and functions, relating to Sensitive Information, or other questions regarding requirements for handling Sensitive Information;
- In collaboration with Human Resources, designing and ensuring the provision of adequate training to all Workforce members, including to every new hire as a part of the on-boarding process, on this Privacy Policy, related policies and procedures, and the privacy and security laws and regulations of applicable jurisdictions;
- Receiving and reviewing complaints related to this Privacy Policy and related procedures including documenting the complaint and disposition thereof;
- Recommending disciplinary action for any Workforce member who fails to comply with Allscripts Privacy and Security Policies;
- Collaborating with Litigation Counsel to review and respond to requests from law enforcement and regulatory agencies related to Sensitive Information;
- Ensuring that the Allscripts Workforce has information necessary to enable compliance with applicable privacy laws, regulations, and contractual privacy requirements;
- May designate another individual to function in his/her capacity with regards to the requirements set forth in this Policy.

5.6 Human Resources

Human Resources shall be responsible for:

- Together with the CPSC, designing, documenting, and enforcing a progressive disciplinary policy for non-compliance with or violation of this Privacy Policy and related policies and procedures;
- Ensuring that Workforce members who report violations of this Privacy Policy, related policies or procedures or the law are protected from retaliation;
- Collaborating with hiring managers to ensure privacy and security obligations are specified in Allscripts job and roles descriptions.
- Communicating job status changes, including termination of Workforce members, to IT Operations, so that access to systems with Sensitive Information is appropriately modified.

6.0 Permitted Uses and Disclosures of Sensitive Information

All members of the Workforce shall safeguard Sensitive Information in accordance with the requirements of this Privacy Policy, other applicable policies and procedures, relevant contractual requirements, and as required by law.

6.1 Consent and Authorization to Use Sensitive Information

- Limited Collection. Workforce members shall only collect, request, or access the minimum amount of Sensitive Information necessary to serve a valid business purpose and in accordance with the requirements of this Privacy Policy, other applicable policies and procedures, relevant contractual requirements, and as required by law.
- Limited Use. Allscripts Workforce members shall only access, use, and disclose Sensitive Information in accordance with:
 - the requirements of the consent or authorization provided by the subject or owner of the Sensitive Information;
 - the requirements of this Privacy Policy, or other applicable policies and procedures;
 - relevant contractual requirements; and
 - as required by law.
- Access use and disclosure of Sensitive information shall be limited to the minimum amount of Sensitive Information necessary to accomplish a valid business purpose.
- Requests to limit or cease using Sensitive Information shall be directed to the CPSC for review.

6.2 De-Identified Sensitive Information

- In certain cases, Allscripts may receive consent or authorization to de-identify Sensitive Information for a specific purpose. In these cases, once the Sensitive Information has been de-identified, Workforce members may use and disclose the de-identified Sensitive Information only in accordance with the consent or authorization.
- Business units seeking to de-identify data for internal or external purposes shall first submit a written request in accordance with the Allscripts PHI Use and De-identification Policy in order to evaluate the scope and purpose of the request and the means of de-identification to ensure a low likelihood of re-identification of Sensitive Information and that applicable legal, contractual, and industry-standard requirements are met.

6.3 Disclosures Required by Law

Allscripts may use or disclose Sensitive Information as required by law.

7.0 Privacy Risk Assessment

Allscripts shall assess Privacy Risk annually pursuant to Allscripts' Risk Management Policy.

All media or copies containing PHI from a client is either to be returned to the client or destroyed, in accordance with the contractual agreement with the client.

10.0 Human Resources Privacy Requirements

- Human Resources is responsible for ensuring that Workforce Members' Sensitive Information is appropriately identified and protected in accordance with this Privacy Policy, applicable laws, regulations, and contractual requirements.
- Allscripts operates a self-funded employee health plan for United States employees. It has contracted with one or more third-party administrators to administer this benefit plan. The employee health plan is a covered entity under HIPAA and shall comply with the requirements of the Allscripts HIPAA Privacy Policy.
- Allscripts shall provide a privacy notice to all U.S. employees who participate in the self-funded health plan and shall provide authorization and release forms to employees for the use and disclosure of Sensitive Information, including PHI.
- For countries other than the United States, Allscripts Human Resources will protect any health-related Sensitive Information obtained as a result of providing health-related benefits to employees in accordance with this Privacy Policy, applicable laws, regulations, and contractual requirements.

11.0 Definitions

“Business Unit” is a formally defined area of Allscripts representing a specific business function (such as Finance, Solutions Development, Sales, Support, etc.). This could be a department or subset of a department.

“CPSC” means the Chief Privacy and Security Counsel who is also the Chief Privacy Officer.

“CSO” means the Chief Security Officer.

“Information” is considered databases, data files, contracts, agreements, system documentation, research information, user manuals, training material, standard operating procedures, business continuity plans, disaster recovery plans, third-party data, audit trails, and archived information.

“Privacy Guidelines” are documents that support this Privacy Policy but are not directive in nature. Guidelines are designed to provide members of the Workforce a recommended path to achieve compliance with Allscripts’ policy.

“Privacy Policy” refers to this formal statement by Allscripts’ executive management outlining the overall intention and direction of the safeguarding and protection of PHI and other Sensitive Information for Allscripts, including, but not limited to, affiliates of Allscripts. It is not intended to be detailed, but rather to serve as a capstone principle supported by subordinate documents (including, but not limited to, the Privacy Procedures and Privacy Standards).

“Privacy Procedures” directly support this Privacy Policy and are a detailed set of instructions for various groups of individuals, such as the general Workforce, management, Human Resources, and Business Units. These procedures outline the detailed steps, establish timelines, and document specific behaviors for all Workforce members who are bound within this Privacy Policy’s scope to be in compliance.

“Privacy Standards” support this Privacy Policy by providing specific boundaries. Privacy Standards are focused and serve to establish a set of mandatory decision criteria for systems and processes. Privacy Standards are intended for a limited audience and are mandatory by definition. Privacy Standards do not normally require executive management approval and therefore are more fluid and may adapt to technology changes.

“Sensitive Information” is a class of regulated data that relates to an identified or identifiable individual that may potentially cause harm to such person if accessed, used or disclosed by unauthorized persons, either internal or external to Allscripts. Sensitive Information includes, but is not limited to, Protected Health Information (PHI), Personal Information (PI), Personal Health Information, Personal Data (PD), employee data and Personally Identifiable Information (PII) (as those terms are defined in applicable law).

“Systems” are any computing assets that may create, access, or store sensitive data, including those used internally and those developed and sold as a product.

“Workforce” means full-time or temporary employees, contractors, third-party users, volunteers, interns, trainees, agents, and other persons whose conduct, in the performance of work for Allscripts, is under the direct control of Allscripts, whether they are on-site or off-site, and whether or not they are paid by Allscripts.
